

## LONG-TERM PARKING FOR SUMMER 2026

Students, faculty, or staff members wishing to leave their vehicles on campus for any length of time over the summer, from May to August, are required to register their vehicle for long-term summer parking. Please complete this [form](#). Submitting the form does not guarantee permission. Parking Services will also request proof of insurance valid through August 2026. Long-term summer parking is not available to students who will be going abroad in the fall or faculty who will not be teaching in-person classes in the fall of 2026.

The resident student section of [parking lot W85](#) will be the lot designated for summer parking. Due to events and construction projects vehicles left in other parking lots will be subject to towing at the owner's expense.

If you'll be conducting research, taking classes, or living on campus this summer, you do not need to complete this form. All vehicles need to be registered and display a 2025/26 parking permit.
